## **LOCAL MAN'S BUSINESS TRIP**

CFO of a large computer

Frequent flyer, uses DA a few times a month

Lived in Dubai all his life, married with 2 children

Wife loves luxury fashion; he also likes what luxury brands offer

Drives an Aston Martin, wears Prada suits, collects watches

Thinking of buying a yacht

Embraces technology and enjoys the benefits of a connected life

John is at work

Flight details auto upload onto airport app

Checks out the “What’s new” section

Phone alerts concierge— he's welcomed by name

Passes through Business Class into retail area.

The coat his wife "Liked" is in stock

He's shown directions to the store

Given 2 options; order for delivery, or buy now in airport

He sees an ad for new watch collection by Rolex

Guided to the store, he tries on and buys

Guided to the store, he tries on and buys

Pays via staff tablet

Browses a new luggage range you can personalise

Personalises luggage and orders for home delivery

He enters and sees wall so can access all range

Wall detects product he is looking for and shows him where is is.

He fly's to San Fran

When he arrives back has an invitation to a Rolex event at the yacht club

And his bag is delivered

## **FAMILY STOP OVER VISIT**

Live in UK

Married with 2 children, aged 11 and 15

Fly once or twice a year

Unfamiliar with DA

On way to Hong Kong

3-hour stopover in DA

E-tickets arrive with app promo

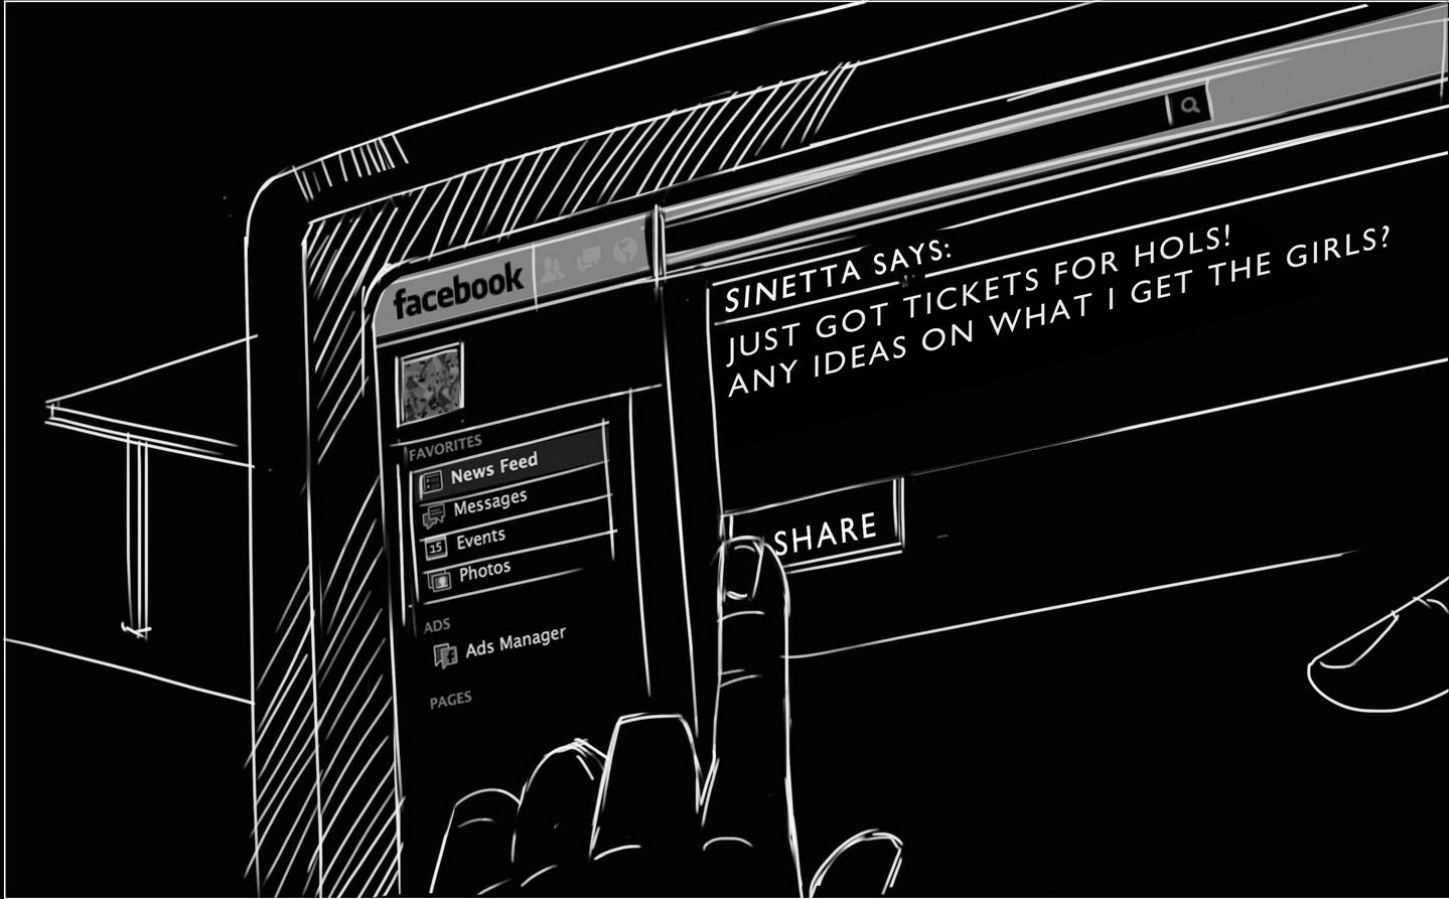

Downloads app and inputs personal and flight details

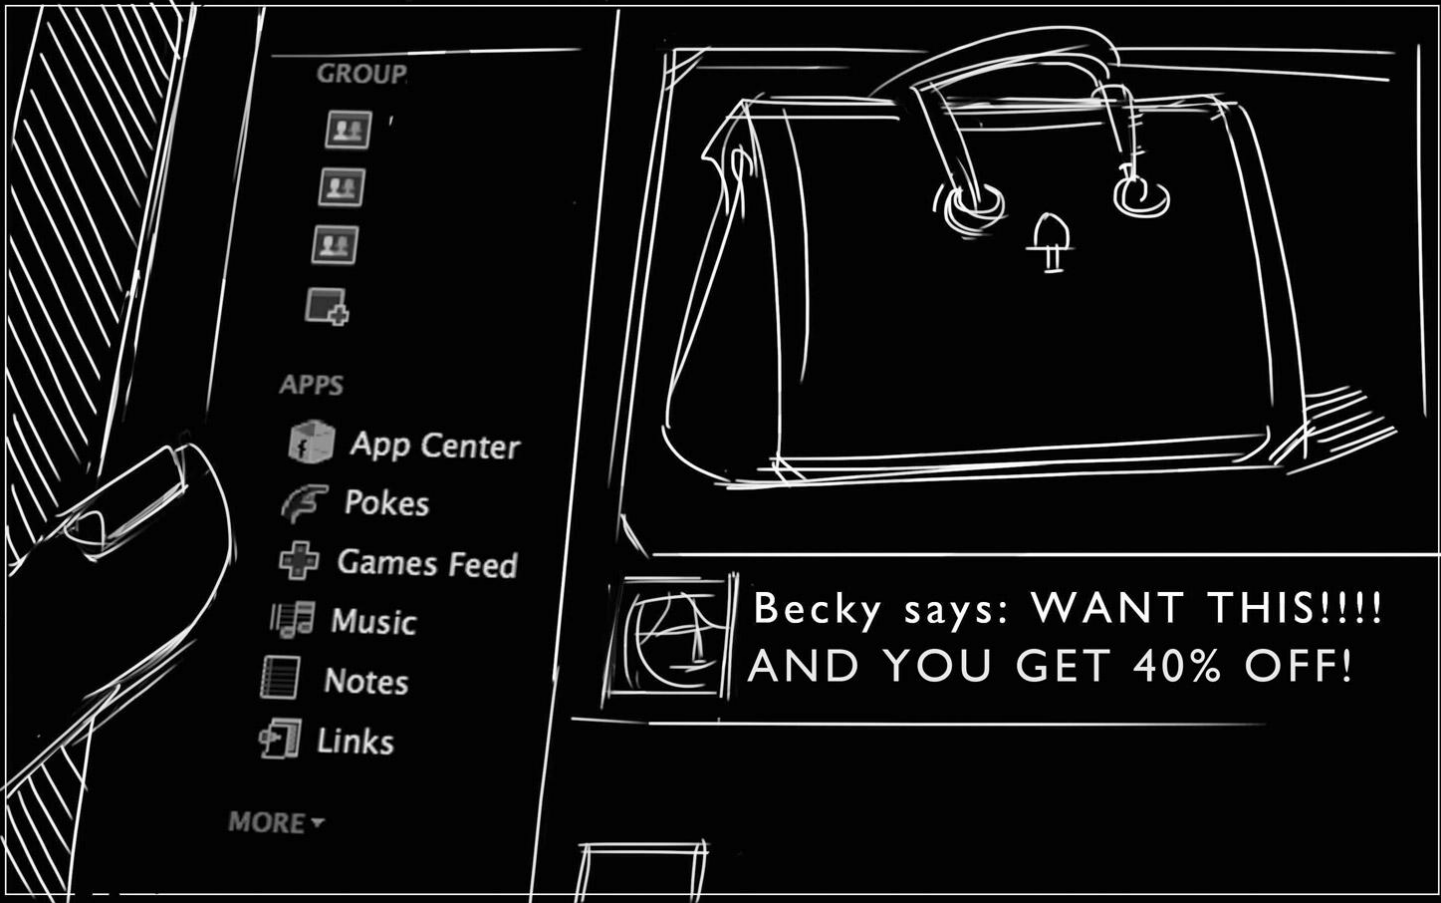

App guides her through what it can do

She sees all the options available

Shares news of family trip on Facebook

A friend posts a picture of a new Mulberry bag

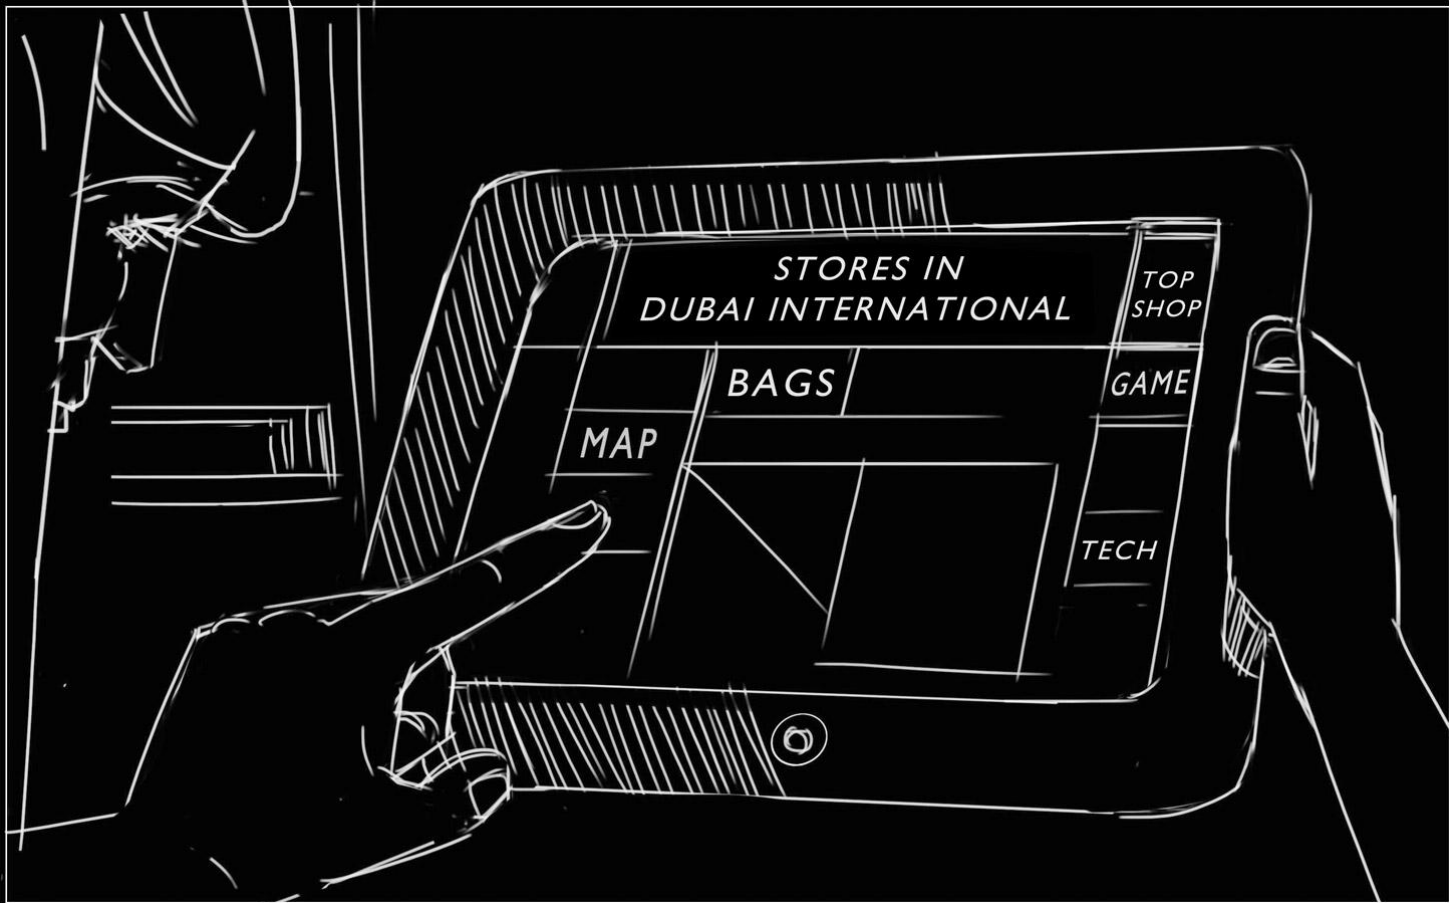

Searches the DA app – the bag's available
